Locating the Building

When driving south down El Camino you will pass 25th avenue and the building will be located on the right side. An easy way to identify the building is the wooded panels that surround the upper levels of the building which you can see in the photo below.

Parking

The parking garage is located to the left of the building. The picture below shows the front of the building and to the left you see the entrance to the parking garage. You can park in any of the unmarked spaces located in the garage.
